EXPERIENCE

SOFTWARE QA ENGINEER — PAGAYA

Tel Aviv

DECEMBER 2019 — PRESENT

Developed automated integration tests that ensured our API and ETL processes were behaving as expected. Validated our databases, confirming proper data format. Furthermore, integrated CI/CD procedures into existing and new projects.

Stack — Docker, Apache Airflow, Python, Pytest, Github Action, Linux environment

TEACHER ASSISTANT — LE WAGON

Tel Aviv

OCTOBER 2019 — DECEMBER 2019

Mentored students individually and in groups. Explained programming concepts to prospective developers who came from an array of differing fields.

Stack — Ruby on Rails, OOP, PostgreSQL, HTML/CSS, JavaScript, SQL

R&D TEAM — PHRASETECH

Tel Aviv

JANUARY 2019 — MAY 2019

Worked closely with the CTO and the rest of the R&D team on developing a new version of our NLG system. In charge of ensuring the quality of our systems results through manual QA testing and error fixing.

CONTENT WRITER — PHRASETECH

Tel Aviv

JUNE 2018 — JANUARY 2019

Performed basic SEO research and upkeep on various websites we developed in-house, as well as meet client-based deadlines about external products. Wrote technical and creative content on a variety of different products. Took initiative to mentor new content writers about our system.

MILITARY EXPERIENCE

SQUAD COMMANDER — MAGAL

Israel

JULY 2012 — SEPTEMBER 2013

Organized and delivered seminars and hands-on training to new recruits. Resolved a variety of inter- and intra-personal issues that arose on a daily basis. Responsible for maintaining the squad's overall personal and professional well-being and morale.

EDUCATION

LE WAGON, 2019

Tel Aviv
